

BIS Licensing of 600-Series, 9x515, and Firearms Items

Since October 15, 2013, certain items that were determined not to warrant control on the United States Munitions List (USML) have moved to the Commerce Control List (CCL), creating 600-series ECCNs, 9x515 ECCNs for Spacecrafts and Satellites, and ECCNs for firearms items.

From October 15, 2013 to June 30, 2023, BIS has processed a total of 157,489¹ applications for 600-series, 9x515 and Firearms items. Of these, 122,892 applications were for 600-series items, 8,175 were for 9x515 items and 26,422 were for Firearms items.

Of 122,892 applications for 600-series items:

- Approved applications were 111,017, 90.3% of the total;
- Returned without action (RWA) applications were 11,367, 9.3% of the total; and
- Denied applications were 372, 0.3% of the total.
- Revoked applications were 136, 0.1% of the total.

Of 8,175 applications for 9x515 items:

- Approved applications were 7,019, 85.9% of the total;
- RWA applications were 1,020, 12.5% of the total; and
- Denied applications were 97, 1.2% of the total.
- Revoked applications were 39, 0.5% of the total.

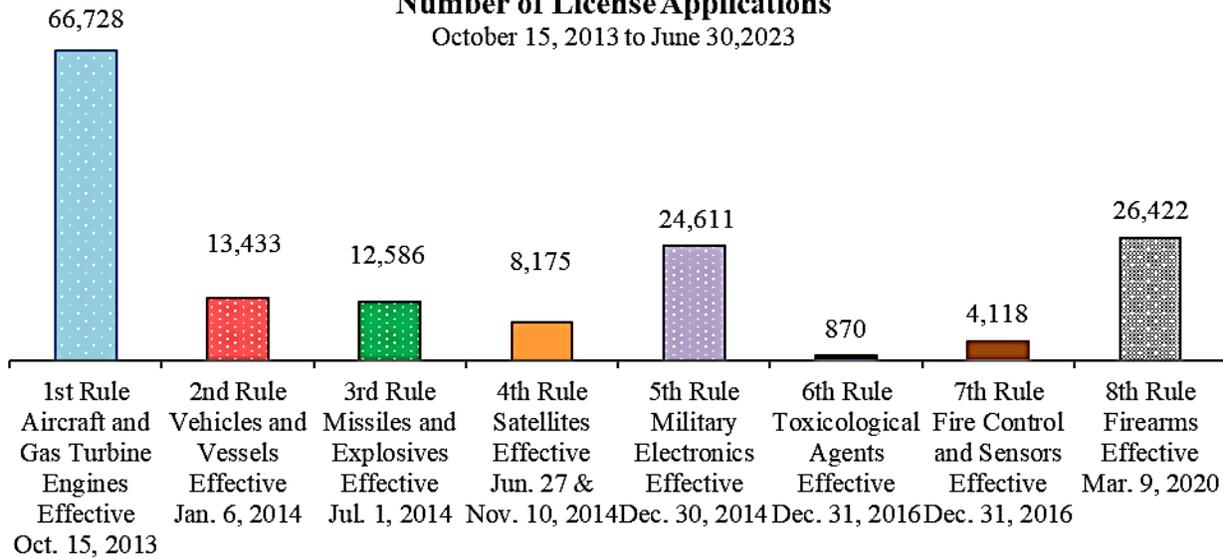

Of 26,422 applications for Firearms items:

- Approved applications were 24,741, 93.6% of the total;
- RWA were 1,426, 5.4% of the total; and
- Denied applications were 177, 0.7% of the total.
- Revoked applications were 78, 0.3% of the total.

¹ Note: This number for the total applications is slightly smaller than the sum of all applications by each rule because license applications containing multiple ECCNs may be associated with more than one regulatory change. For instance, a single application containing 9A610 and 0A606 items would be counted in both the 1st rule column and the 2nd rule column.

From October 15, 2013 to June 30, 2023, BIS processed applications for 600-series, 9x515 and Firearms items for a total value of \$369.6 billion.² Of these, \$291.8 billion were for 600-series items, \$40.3 billion for Firearms items, and \$37.5 billion for 9x515 items.

Of \$291.8 billion for 600-series items:

- Approved applications valued at \$269.8 billion, 92.4% of the total application value;
- Returned without action (RWA) valued at \$20.9 billion, 7.2% of the total; and
- Denied applications valued at \$979.5 million, 0.3% of the total.
- Revoked applications valued at \$116.2 million, 0.04% of the total.

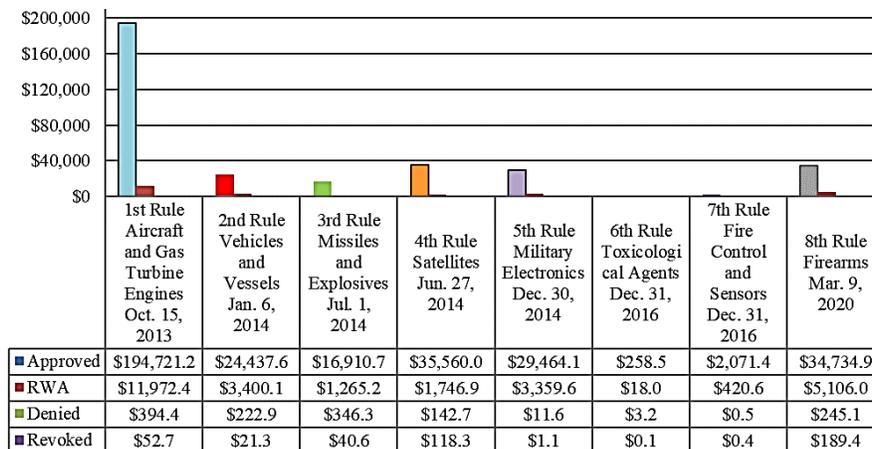

Of \$40.3 billion for Firearms items:

- Approved applications valued at \$34.7 billion, 86.3% of the total application value;
- Returned without action (RWA) valued at \$5.1 billion, 12.7% of the total; and
- Denied applications valued at \$245.1 million, 0.6% of the total.
- Revoked applications valued at \$189.4 million, 0.5% of the total.

Of \$37.6 billion for 9x515 items:

- Approved applications valued at \$35.5 billion, 94.7% of the total application value;
- Returned without action (RWA) valued at \$1.7 billion, 4.6% of the total; and
- Denied applications valued at \$142.7 million, 0.4% of the total.
- Revoked applications valued at \$118.3 million, 0.3% of the total.

² This report accounts for the application value of the ECCN, not the value of the entire license application. For example, if a license application contained one ECCN associated with 2nd Rule Vehicles and Vessels and three unrelated ECCNs, then only the value associated with the 2nd Rule ECCN was counted.

In the last 13 months from June 1, 2022 to June 31, 2023, the average monthly BIS license approvals for all ECCNs are 2,768 indicating an increase of 66.0% from the average monthly approvals of 1,667 during the 13 months prior to the first regulatory change from the USML to the CCL that became effective on October 15, 2013:

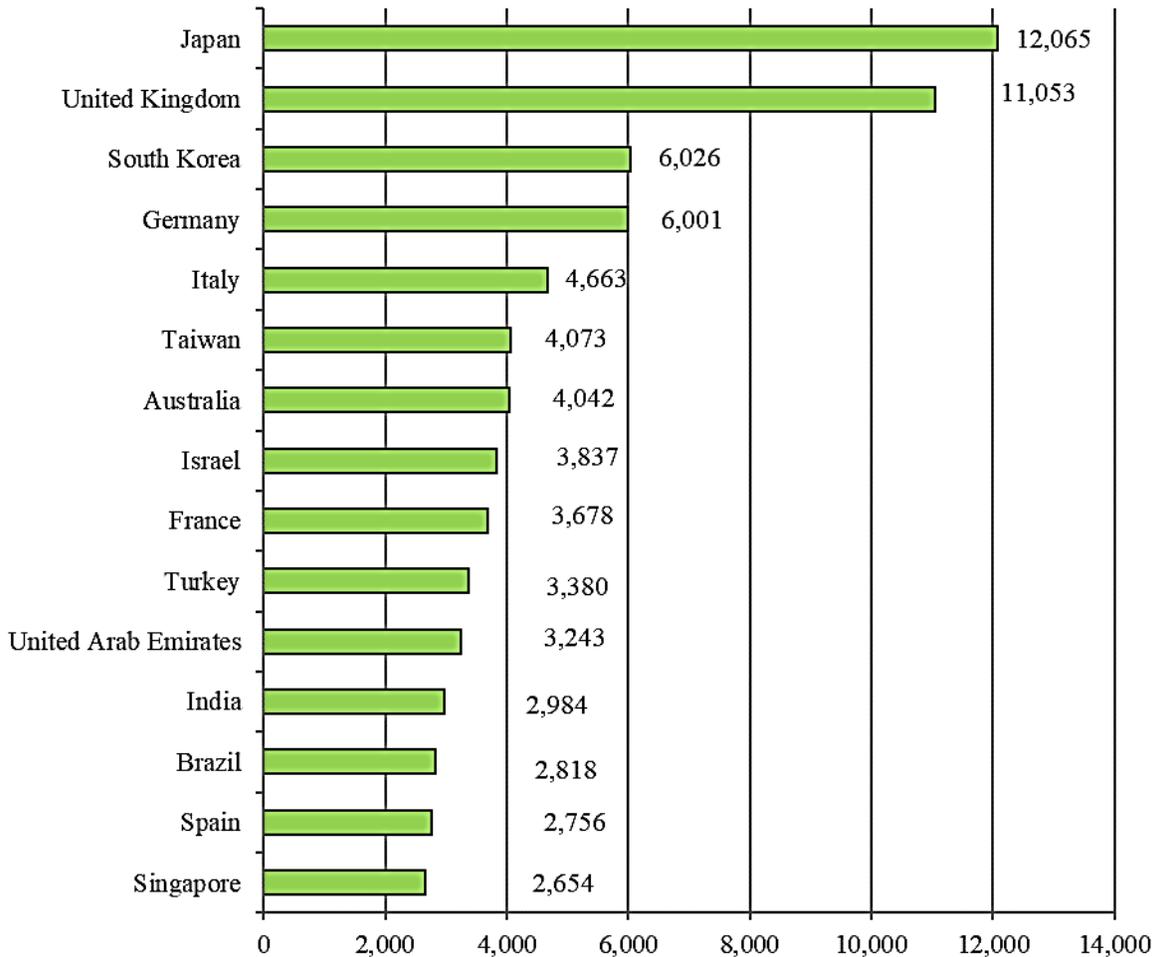

- For 600-Series items, the average monthly license approvals are 944;
- For 9x515 items, the average monthly license approvals are 52;
- For Firearms items, the average monthly license approvals are 537; and
- For legacy ECCNs, the average monthly license approvals are 1,294.

I. Top Destinations and Top ECCNs of BIS Approved Licenses for 600-Series Items

Of the total 111,017 BIS approved licenses for 600-series items from October 15, 2013 to June 30, 2023, 73,273 (66.0% of the total approved licenses) were issued for exports to the top 15 destinations by license count. The top destinations were Japan with 12,065 approved licenses (10.9% of the total); the United Kingdom with 11,053 (10.0%), and South Korea with 6,026 (5.4%).
