Question 16.1 Reporting Code: A unique reporting code will be assigned and reported to each location by BIS once an Initial Report has been submitted. The Reporting Code must appear on all future forms pertaining to the location after it is assigned.

Question 16.2 Continuation Form: Indicate the AP Form and the question number for which you are providing a continuation, and include this information in the space provided. Should you need even more additional space, submit another Form AP-16 with the same identifying information provided for Questions 16.1 through 16.2. Provide a separate Form AP-16 for each separate question where additional space is needed.
